

Villard, MN December 22, 2008—Massman Automation Designs, LLC (Villard, MN) is pleased to announce the acquisition of Sabel Engineering Corporation (Sonoma, CA). Founded in 1971, Sabel Engineering Corporation is the originator of bottom-load case packing. By adding the Sabel bottom-load and robotic top-loading case packers to its growing case packaging product line, Massman significantly strengthens its position in the packaging marketplace. Says Jeff Bigger, president of Massman, “Sabel’s 38 year history of delivering high quality machines to companies throughout the world will enable Massman to offer a broader range of case packing and end of line solutions. Massman Automation Designs is committed to maintaining the excellent Sabel technology and the support Sabel customers have come to know.”

About Massman Automation Designs, LLC
